Engine Rating and Average Annual Return  
(Jan 2002 - Sep 2014)

The ValuEngine Rating is based on the proprietary ValuEngine one-year forecast return (1YFR) model output for each individual equity. A stock is rated Strong Buy, Buy, Hold, Sell, Strong Sell based on the Forecast One Year Return. The breakdown for each rating is as follows:

- Strong Buy: More than +12% 1-YFR
- Buy: Between +5% and +12% 1-YFR
- Hold: Between -5% and +5% 1-YFR
- Sell: Between -12% and -5% 1-YFR
- Strong Sell: Less than -12% 1-YFR

There is an additional buffer for stock upgrades or stock downgrades to eliminate stocks moving back and forth quickly between ratings.

1-YFR: 1-Year Forecast Return
